—Archie Turner, of Candelaria, is in town.

—Evan Williams will go to California in a few days.

—Mrs. Terry says she will stay in jail as long as her husband does.

—Sleepy Dick a Nevada horse won a big race at Oakland the other day.

—The White Pine News will this week be removed from Taylor to Ely.

—The Raycraft Bros. received two new buggies from the East yesterday.

—D. Turner, who has been few days in this city, left for his home in Pioche last night.

—The Washoe County Republican platform pledges its nominees to irrigation and water storage.

—The funeral of J. C. Hampton in Virginia City yesterday was one of the largest ever held in the State.

—Mrs. Martha Mackey departed for Nevada City, Cal., last Tuesday evening. She goes on a visit to relatives.

—Sheriff Ulrich is repairing the road to the District Fair grounds. It will be widened to 80 feet and completed by Saturday night.

—Some foolish rival of the Bellevue House, Lake Tahoe, has circulated the report that it is closed. It is not only open, but doing a big business.

—Wheat has begun to climb, and now people in San Francisco tip their hats to John Mackay and call him General, because he carried over several million bushels.

—The Labor Unions' did a good thing the other day when they nearly kicked the ribs out of a lot of Anarchists who hoisted the red flag in the streets of Cleveland. Labor elevates itself every time it walks on an anarchist.

—Disorders of the stomach, liver and kidneys, can be cured by restoring the blood to a healthy condition, through the vitalizing and cleansing action of Ayer's Sarsaparilla. It is the safest, most powerful and most highly concentrated alterative available to the public.

—A Spaniard named Rafael recently left Derby's ranch, in Humboldt county, taking with him thirty head of horses belonging to Tallamonto, another employe of the ranch. He was headed off by telegraph and captured at Susanville with fifteen of the animals in his possession, having disposed of the remainder during his journey. He will be brought back to Winnemucca for trial.

—The good news comes from the Yellowstone National Park that there are still a few hundred buffaloes and several thousand elk, deer and mountain sheep left there, and that with proper protection, there need be no fear that any of these animals will become extinct. They were shamefully slaughtered a few years ago, and nothing short of a National Park could have saved them from extermination.

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic, and is the best remedy for diarrhoea. Twenty five cents a bottle.

TONIGHT'S PLAY.

No Foolishness About the Big Tank Scene.

The APPEAL has taken the stories about the tank scene in tonight's play with considerable grains of allowance. Yesterday, however, the apparatus arrived, and is now being set up at the Opera House.

The tank is all it claims to be, and is constructed of water-proof canvas, backed by planks.

The water averages 18 inches deep, except in the place where the woman falls in, and here is a well several feet deep.

The weight of the tank is so great that the floor of the stage requires bracing from below, and a hole has to be cut through to admit the well.

A little steamboat capable of carrying about ten persons will float on the lake, also row boats and shells, pond lilies and ducks, all floating in real water.

The arrangement is so fixed as to represent a river, and the picture is so lifelike that nothing ever presented on the stage has ever made a greater sensation.

The Virginia City papers say that it is all it claims to be and delighted crowded audiences.

Mr. Helm says that this is a bad time to get water for the tank, but the water company will do the best it can.

Reserved seats are being rapidly taken.

A Watermelon Social.

On Tuesday evening the members of the Archery Club, an organization composed of young ladies and gentlemen of this city, held one of their monthly meetings at the Holstein Ranch, and organized what they called a "watermelon social."

Mr. Philip Mighels, one of the club, picked the melons in the morning and stowed them away in the bottom of the well until evening, when they were shed up and demolished.

It took a dozen "Centennials," "Iron-clads" and "September Bosses" to go round. The rinds were carted away in a wheelbarrow.

If the members could hit the center of an archery target with the same accuracy they display in finding the red center of a watermelon, the scores would be tremendous.

The party broke up about midnight, just as the proprietor of the Ranch had volunteered to sing a new campaign melody, with piano accompaniment.

Harmony in Washoe.

The old political feud down in Washoe has been settled amicably in the Republican ranks and there are no mugwumps there this year. A very strong ticket has been nominated and the Washoe Republicans present a united front to the enemy, and they expect to sweep the county by a large majority.

Carson Social Club.

The Carson Social Club will give their ball at Armory Hall on Saturday evening. The APPEAL acknowledges a complimentary ticket.

—There are blue looks at the Democratic National headquarters over the reports of agents sent to poll the State of Indiana, the poll exhibited increased Harrison gains. At the same time a canvass of New York showed the State would go Republican on the National ticket. A barrel is wanted for the head of the ticket, which may mean Roswell P. Flower for Governor. To top all this, hints come from Thurman that money spent by Democrats in the Northwestern States is simply wasted, as the West and Northwest will give big Republican majorities. Thurman is reported as narrowing the contest down to New York alone.

—Indianapolis Journal:—Voorhees does not indulge in personal abuse of General Harrison in Indiana for two good reasons—one that the people know Harrison's character too well to make such a course safe, and the other that they know Voorhees too well to believe him.

—When used according to directions, Ayer's Ague Cure is warranted to eradicate from the system Fever and Ague, Intermittent, Remittent and Bilious Fevers, and all malarial diseases. Try it.

INDIANA NEWS.

The First Poll Shows a Republican Plurality of About 10,000.

INDIANAPOLIS, Ind., Aug. 29.—Polling the State is now nearly completed by the Republicans for the first time in two years. The work will be finished and the result known in three days. The returns are highly encouraging, it is said, and indicate a Republican plurality of 10,000. This places the probable result more than three thousand above what Garfield had, and the figures are entirely trustworthy. There have been large numbers of deserters from the Democracy on account of the free trade position of the party and its infamous record in State affairs. Besides this the Prohibitionists will not poll their full vote. The Greenbackers are coming back into the Republican ranks, and the former lukewarm voters all are either coming to Harrison on account of his personal qualities or from State pride. The efforts of the Democrats to create a labor revolt against Gen. Harrison on account of the railroad strike controversy of 1877, have proven a boomerang. The Democratic poll as well as the Republican shows the way the tide is going. President Cleveland's Canadian message was neutralized as a campaign document in this State by the telegrams of congratulation sent him by Secretary Sherman, of the National Committee, and others, in which he was praised for the politics in him. Besides, some indiscreet Irishmen were solicited to send messages of congratulation. The Democrats now only claim a plurality.

Ladies

In delicate health, and all who suffer from habitual constipation, will find the pleasant California liquid fruit remedy, Syrup of Figs, more easily taken and more beneficial in its effect than any other remedy. It acts promptly yet gently on the Bowels, Kidneys, Liver and Stomach, and does not sicken or debilitate. For sale by Geo. C. Thaxter, agent.

The Picnic.

The miners are making big preparations for their annual picnic, which comes off on Saturday next. The grounds are being put in order for a big crowd, and everybody is arranging to come. There will be special trains run from Reno, and some of the contests promise to be very exciting.

Anschlag's Last Hope Gone.

SAN FRANCISCO, September 4.—The Supreme Court has dismissed the appeal of Anschlag, the Los Angeles murderer, on motion of Attorney General Johnson, on the ground that no transcript of record has been filed. This kills the murderer's last hope of escaping the gallows.

Sensational Evidence.

LONDON, SEPT. 4.—The Morning Post is informed that the Times has secured evidence from Ireland of a sensational character. It is rumored that a Dublin man, enroute from New York, is prepared to swear that he forged some of the documents which the Times printed.

Sympathy for Terry.

The citizens of Fresno have called a mass meeting and passed resolutions of sympathy, for Judge Terry and wife and sent a delegation to San Francisco to see what assistance they could render him.
